

LEGAL NOTICE

STATE OF LOUISIANA, OFFICE OF CONSERVATION, BATON ROUGE, LOUISIANA.

In accordance with the laws of the State of Louisiana, and with particular reference to the provisions of Title 30 of Louisiana Revised Statutes of 1950, a public hearing will be held in the Hearing Room, 1st Floor, LaSalle Building, 617 North 3rd Street, Baton Rouge, Louisiana, at 9:00 a.m. on **TUESDAY, MAY 5, 2009**, upon the application of **BRAMMER ENGINEERING, INC.**

At such hearing the Commissioner of Conservation will consider evidence relative to the issuance of Orders pertaining to the following matters relating to the **Haynesville Zone, Reservoir A**, in the Summerfield Field, Claiborne Parish, Louisiana.

1. To establish rules and regulations and create three (3) drilling and production units for the exploration for and production of gas and condensate from the Haynesville Zone, Reservoir A, to be designated HA RA SUA, HA RA SUB and HA RA SUC.
2. To force pool and integrate all of the separately owned tracts, mineral leases and other property interests located within the proposed units in accordance with Section 10, Title 30 of the Louisiana Revised Statutes of 1950, with each tract sharing in unit production on a surface acreage basis of participation.
3. To designate unit wells and unit operators, as appropriate.
4. To provide that wells drilled to the Haynesville Zone, Reservoir A, be located no closer than 330' to any unit line and that there be not less than 1,500' between wells drilling to, completed in, or for which a permit has been issued to the Haynesville Zone, Reservoir A.
5. To consider such other matters as may be pertinent.

The Haynesville Zone, Reservoir A is to be defined as the stratigraphic equivalent of that gas and condensate bearing interval encountered between the depths of 9,620' and 10,345' (electric log measurements) in the Brammer Engineering, Inc.-Tommie E. Deese 12 No. 1 Well, located in the Southeast Quarter of Section 12, Township 22 North, Range 5 West, and is to be further defined as the stratigraphic equivalent of that gas and condensate bearing interval encountered between the depths of 9,760' and 10,550' (electric log measurements) in the Sabine Production Company-Davidson, et al No. 1 Well, located in the Southeast Quarter of Section 11, Township 22 North, Range 5 West.

A plat is available for inspection in the Office of Conservation in **Baton Rouge and Shreveport**, Louisiana.
